

Steven O'Sullivan

Steven is the Founder and CEO of **Smart Cyber Group**

Smart Cyber Advisor for OT/IT sector , Doer and Strategist,. Founder of Smart Cyber Group, Policy Analyst GFCyber, Ex Educator.

The wordy bit..

I have more than 25 years of experience working with organisations to address their most pressing and pervasive information security and cyber risk and resilience challenges.

I have worked at all levels from hands-on operations (SOC), to managing teams and to defining and implementing cyber and digital strategies across many industry sectors.

My experience spans many industries sectors, including Energy/Utilities, Financial Services, Telecoms,, Health care, Retail industrial products and services, and manufacturing in the UK and Saudi Arabia Saudi Smart Cites and IIOT programmes.

I am the founder of Smart Cyber Group (SCG), and a Policy Analyst at the Global Foundation for Cyber Studies and Research a certified Smart Cities and Critical Infrastructure Professionals (SCCISP).

Additionally, I have spent over 10 years as a lecturer and trainer in information security, telecommunications, optical systems, electronics and business studies at UK colleges alongside being a visiting lecturer at two UK Universities.
